

Minutes of club April 2nd 2024

Members attending 35

Meeting started at 8.0 pm

1. We have 161 members so far.
2. A committee meeting will be held tomorrow (3 April) at the park. If anyone needs to bring up, they can speak tonight or attend.
3. The first event this year is an achievement day on 11 MAY.
4. The field is still very wet, so cannot be cut yet.
5. We have had a couple of requests to hold events at our club. First is an aerobatic comp that would be held over 2 days. This was refused as it would take 2 full days. The second is for FPV fixed wing racing. This would involve 2 short races over each of 31 Aug. & 1 Sept.
6. Next meeting (7 May) will be 'hints & tips on spraying your models' by Terry Lee. NO actual spraying will take place.
7. Some old model magazines were available free to anyone.

After the meeting John Mosley gave a very informative talk & practical demonstration of cutting of foam core wings using a computerised machine.
